RE: St. Lucie Units 1 and 2  
Docket No. 50-335 and 50-389  
Plan to Improve Operational Performance

During our November Meeting with Region II personnel, FPL reviewed the progress made in completing activities outlined in the St. Lucie Plan to Improve Operational Performance. Additionally, FPL stated that, in the future, meetings to review performance would be held monthly and would include a more detailed review of the plant's key performance indicators.

Attached is a copy of the materials reviewed during the December, 1995 Management Review Meeting. Included are St. Lucie Plant's key performance indicators as well as the December 15 update to the Plan to Improve Operational Performance. Open items from the Plan will continue to be a part of the Management Review Meeting.

Management Review Meetings are scheduled for the following dates during the first quarter of 1996:

January 16  
February 16  
March 15

We look forward to NRC participation and feedback at these monthly meetings.

Very truly yours,

D. A. Sager  
Vice President  
St. Lucie Plant
