Re: St. Lucie Unit 2
Docket 50-389
Proposed License Amendment
Core Operating Limits Report (COLR)

The purpose of this letter is to transmit corrected pages for use by the NRC in the issuance of the subject proposed license amendment, when approved, which was submitted via Florida Power and Light Company (FPL) letter L-97-280 dated December 29, 1997.

As requested by the NRC staff, FPL provided new Technical Specifications (TS) pages reflecting the revisions to be issued upon completion of the staff's review and approval of the proposed license amendment. The amendment request and three of the new pages contained administrative errors resulting from incorrect information supplied by the fuel vendor relative to titles of approved topical reports that are referenced in proposed TS 6.9.1.11.b. Specifically, the descriptions for items 5, 8, 9, 10, and 39, as shown in the December 29, 1997 submittal, do not explicitly describe existing documents.

6.9.1.11.b.5: The Gadolinia topical report reference, CENPD-275-P-A, with the May 1988 issue date does not exist. This topical report (Revision 0) was issued in 1987. Revision 1 incorporated the approved "A" version with the NRC Safety Evaluation Report and was issued in (and dated) May 1988.

6.9.1.11.b.8, 9, and 10: The Statistical Combination of Uncertainties (SCU) Methodology topical report references, CEN-123(F)-P, Part 1, Part 2, and Part 3, and having "Calvert Cliffs Unit I and II" in the titles do not exist. Rather, CEN-123(F)-P is entitled St. Lucie Unit 1. The Calvert Cliffs SCU topical reports are CEN-124(B).

6.9.1.11.b.39: The CENTS topical reports, CENPD-282-P-A, Volumes 1, 2, and 3, and Supplement 1, with the March 1994 issue date do not exist. The approved "A" versions were issued without revisions and incorporated the NRC Safety Evaluation Report that was issued in March 1994. However, the "A" versions of Volumes 1, 2, and 3, and Supplement 1 were not annotated with the March 1994 date and the original issue dates for these documents remain applicable. The issue dates are February 1991, February 1991, October 1991 and June 1993, respectively.
