**SUBJECT: UPDATED INSPECTION PLAN FOR NORTH ANNA POWER STATION,
 UNITS 1 AND 2 – REPORT 05000338/2017005 AND 05000339/2017005**

Dear Mr. Stoddard:

The enclosed inspection plan lists the inspections scheduled through June 30, 2019, at North Anna Power Station, Units 1 and 2. The NRC provides the inspection plan to allow for the resolution of any scheduling conflicts and personnel availability issues. Routine inspections performed by resident inspectors are not included in the inspection plan. The inspections listed during the last twelve months of the inspection plan are tentative and may be revised. The NRC will contact you as soon as possible to discuss changes to the inspection plan should circumstances warrant any changes. This inspection plan does not include the plan for security-related inspections, which will be sent via separate, non-publicly available, correspondence.

Additionally, the NRC plans on conducting three non-ROP baseline inspections which include Post Approval License Renewal Phase 2, Unit 2 Post Approval License Renewal Phase 1, and an initial license examination.

This letter, its enclosure, and your response (if any) will be made available for public inspection and copying at <http://www.nrc.gov/reading-rm/adams.html> and at the NRC Public Document Room in accordance with 10 CFR 2.390, "Public Inspections, Exemptions, Requests for Withholding."
