Re: CBC License No. 34-26768-02
Control Number 594306

Dear Ms. Cender:

It has been requested that CBC state in writing that we intend to only have one (1) moisture density gauge assigned to West Virginia. If we are found in need to “swap” a gauge for service purposes, two (2) gauges may show on our registry for a day while we arrange an exchange. We have no plans to expand our services in West Virginia.

If there is anything else you need, please let me know.

Respectfully submitted,

CBC Engineers & Associates, Ltd.

Alvin C. Banner
President & COO
