SUBJECT: ZEVACOR PHARMA, INC., CONSENT TO TRANSFER LICENSE, MAIL
CONTROL NO. 599643

Dear Mr. Plastini:

By letter dated May 15, 2017 (ML17150A308), Zevacor Pharma, Inc. submitted to the U.S. Nuclear Regulatory Commission (NRC) a request for consent to an indirect license transfer of NRC Materials License No. 45-25221-01MD. Based on the information provided, the NRC understands that 100 percent of the equity shares of GRD PET Operations, Inc. (the parent company of Zevacor Pharma, Inc.), will be sold to Sofie Network, Inc. Following the sale, GRD PET Operations, Inc. will be a wholly owned subsidiary of Sofie Network, Inc., and Zevacor Pharma, Inc. will remain a wholly owned subsidiary of GRD PET Operations, Inc. We further understand that this transfer will not result in any changes to the licensee name, licensed materials, persons using the licensed material, location of use, or persons responsible for the radiation safety program.

Based on the above understandings and as more fully detailed in the enclosed NRC staff's Safety Evaluation Report, which documents the NRC staff's review of the request, we consent to the proposed transfer. Please note that you will need to notify us promptly, in writing, after the transaction has been finalized and include a signed copy of the sales agreement confirming completion of the transaction. If this planned sale has not been consummated within 30 days of the date of this letter please notify us in writing or the NRC's consent may be considered null and void. Please contact me at 610-337-5006, or by e-mail at janice.nguyen@nrc.gov.

Future changes in the licensee's name, licensed use, licensed materials, licensed location, or persons responsible for licensed material require submission of a request to amend the license. NRC approval must be received prior to implementation of the proposed change.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web Site at: <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation in this matter.

Sincerely,
