SUBJECT: U.S. NUCLEAR REGULATORY COMMISSION DENIAL OF CAMMENGA AND ASSOCIATES, LLC REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE

Dear Mr. Karchon:

By your amendment request and affidavit dated June 13, 2017, executed by Bill Kooiman, you submitted NRC Form 313 for NR-0210-D-101-E, NR-0210-D102-E, and 21-26460-03E, and Form 313 Items 5-11, "Discussion of Changes", and requested that it be withheld from public disclosure pursuant to 10 CFR 2.390.

Your reasons for requesting our withholding of this information from public disclosure were that these documents contain proprietary information that (1) has not been made available to the public and has been held in confidence by Cammenga since its inception and continues to remain confidential, (2) is of a type of customary held in confidence, (3) is being transmitted to U.S. Nuclear Regulatory Commission (NRC) in confidence, (4) is neither available in public sources nor generally in public domain, and (5) is highly likely to cause substantial harm to Cammenga's competitive position because it will permit competitors to create similar products and either reduce or foreclose future business opportunities.

We have reviewed the documents in your amendment request and all of the supporting information in accordance with the requirements of Title 10 of the *Code of Federal Regulations* (10 CFR) 9.17 and 10 CFR 2.390, and have concluded the documents do not contain information that should be withheld from public disclosure and that contain proprietary, confidential commercial and/or financial information. Accordingly, we have concluded that the information sought to be withheld from public disclosure does not meet the requirements of 10 CFR 9.17 and 10 CFR 2.390. Therefore, your request to withhold NRC Form 313 for NR-0210-D-101-E, NR-0210-D102-E, and 21-26460-03E, Form 313 Items 5-11, "Discussion of Changes", from public disclosure is denied.

C. Karchon
