Dr. Martinson,

I am glad that after both of our absences from the office we were able to connect today to discuss my inspection at the Seward Marine Center in Seward, Alaska. As discussed, I conducted the inspection on June 30, 2017. Based on the information provided during the inspection by Captain Stein, Captain Baird, and Mr. DeCastro, and the additional information provided by you during our discussion today, as a result of the inspection, no violations were identified. The attached NRC Form 591M Part 1 provides the results of the inspection. This form does not require you to take any action, however I do request an email from you confirming receipt. Thank you.
