Dear Mr. Miller:

Reference (b) stated that the requested Technical Specification change should be considered a Class III and Class I amendment and not a Class II and Class I amendment as stated in Reference (a). This change in classification represents a fee difference of \$2,800.00.

We accept your classification pending additional review and have enclosed a check for \$2,800.00. Please direct any additional concerns you may have on this matter to this office.
