Gentleman:

This office has received a copy of your application dated May 11, 1978, for amendments to Facility License Nos. DPR-19, -25, -29 and -30 for Dresden Units 2 and 3 and Quad-Cities Units 1 and 2, respectively, which you filed with the Office of Nuclear Reactor Regulation for review and approval. The application requested interchangeable transfer and storage of fuels between the spent fuel pools of Dresden and Quad-Cities Stations. The application was accompanied by fees totalling \$8,800 for two each of amendment fee Classes III and I.

We have determined from our preliminary review that the requested action falls in amendment fee Classes IV and I (totalling \$12,700 each for Dresden 2/3 and Quad-Cities 1/2) because the action involves a complex issue. Therefore, you should forward the additional \$16,600 to this office within thirty (30) days after receipt of this letter. If after final evaluation of your application is completed it is determined that it was incorrectly classified, you will be refunded any overpayment or billed for any additional amount due.

If we can be of assistance to you, call 301/492-7225.

Sincerely,

Original Signed by
