Gentlemen:

This office has received a copy of your April 28, 1978 application for amendment to Facility License Nos. DPR-19 and DPR-25 which you filed with the Office of Nuclear Reactor Regulation, Division of Operating Reactors (DOR). The application relates to your proposed change in the minimum duration of the integrated primary containment leak rate test for Dresden Unit Nos. 2 and 3. The application was accompanied by fees totalling \$1,600 for one each of amendment fee Classes II and I.

We have been advised by DOR that the requested action falls in amendment fee Classes III and I (totalling \$4,400) because it involves a single safety issue. Therefore, you should forward the additional \$2,800 to this office promptly. Fees are payable to the U.S. Nuclear Regulatory Commission by check, draft, or money order. If after the final evaluation of your application is completed it is determined that it was incorrectly classified, you will be refunded any overpayment or billed for any additional amount due.

If we can be of assistance to you, call 301/492-7225.

Sincerely,

Original Signed by
Wm. O. Miller
