Subject: Dresden Station Units 2 and 3 Fuel Data
AEC Dkts 50-237 and 50-249

Dear Mr. Ziemann:

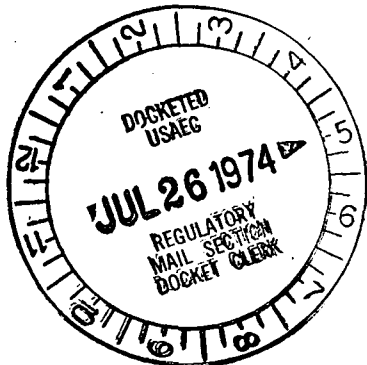

Attached is the fuel data for Dresden Units 2 and 3 provided in response to your letter dated April 5, 1974. The data includes descriptive drawings of each type of fuel assembly showing the distribution of various types of fuel rods in the assembly. The drawings also indicate the fuel assembly identification types used in the core loading distribution maps. A table of fuel assembly types and identification numbers by cycle is also provided. The final portion of the attachment are the completed fuel data sheets in the form in which you requested.

One signed original and 14 copies of this information are provided.

Very truly yours,

fr
