Dear Mr. Skovholt:

On October 26, 1972, we informed you of our plan to prepare and maintain an index to the documents which form the basis of the license limitations for Dresden Units 2 and 3. Enclosed is that index with a list of the indexed documents and the dates on which they were transmitted to the Commission.

It is our intent to provide periodic revisions to this index to keep it current. We also intend to extend the amount of information contained in each entry and modify the format somewhat. Your comments and suggestions along these lines would be welcomed. Please inform my office of any errors or omissions which are discovered.

Very truly yours,

L. D. Butterfield, Jr.
Nuclear Licensing Administrator
