Subject: Dresden Nuclear Power Station Units  
2 and 3 Semi-Annual Report

Dear Dr. Morris:

50 - 237

50 - 249

On March 1, we sent to you our Semi-Annual Report for the Dresden Nuclear Power Station Units 2 and 3. Section III of this report is concerned with the radioactive wastes and environmental monitoring programs. In going over this report, we have found errors on four pages. Attached you will find 60 copies of corrected pages for your Semi-Annual Reports. As is indicated above, these pages should be inserted in Section III.

On page 4 of the Report, 1st paragraph, under Item B.1 in the third line we have changed 595,640 to 596,240. This change was necessitated because of an error in the noble gas release from Dresden 2/3. This error resulted in subsequent errors on pages 4, 37, 38 and 40.

Very truly yours,

*Wayne L. Stiede*
