Annual Radiological Environmental Operating  
Report for Calendar Year 1998 - Correction

By letter L-99-065 dated March 31, 1999, Florida Power & Light Company (FPL) submitted the St. Lucie Plant *Annual Radiological Environmental Operating Report* for calendar year 1998 pursuant to Technical Specification 6.9.1.8. FPL has identified a transcription error on the last page of Attachment C of the report, Results From the Interlaboratory Comparison Program 1998.

On the original page titled, *DOE-QAP 49 RESULTS, Matrix: Al Air Filter Bq/filter*, the Reported Value for Cs-137 was incorrectly reported as 3.830 and should have been reported as 23.830. For your convenience, the attached is a complete replacement for Attachment C of the report, Results from the Interlaboratory Comparison Program 1998. The revised value has been marked in BOLD print.

Please contact us should there be any questions regarding this information.

Very truly yours,

J. A. Stall
