1. The first group of people who are likely to be affected by the proposed changes are those who are currently employed in the public sector. This group includes a wide range of individuals, from those who are employed in the public sector to those who are employed in the private sector. The proposed changes are likely to have a significant impact on the public sector, as it is the largest employer in the economy. The public sector is likely to be affected in a number of ways, including a reduction in the number of employees, a reduction in the number of hours worked, and a reduction in the number of jobs available. The public sector is also likely to be affected in a number of other ways, including a reduction in the number of jobs available, a reduction in the number of hours worked, and a reduction in the number of jobs available.

Subject: Emergency Planning
R.E. Ginna Nuclear Power Plant
Docket No. 50-244

Dear Mr. Ziemann:

In our letter of December 28, 1979, we submitted one copy each of the latest revision of the Ginna Radiation Emergency Plan, the New York State Emergency Plan for Radiation Accidents (revised September 1977), the New York State Bureau of Radiological Health Specific Operating Procedure for the Ginna Site, dated October 1974, and the Wayne County Response Plan for Emergency Radiation Incidents (revised November 1977). A member of your Staff has requested that we provide a total of ten copies of each document to facilitate your review. Therefore, we are providing with this letter a total of nine copies of each document except the Specific Operating Procedure for the Ginna Site.

→ The New York State Bureau of Radiological Health has issued a revised Specific Operating Procedure for the Ginna Site within the past few weeks. Therefore, ten copies are enclosed of the Specific Operating Procedures for the Ginna Site (dated April 1979).

Very truly yours,

L.D. White, Jr.
