Dear Dr. Reimer,

Thank you for your April 10th response. As we just discussed, we are now processing your request through our 2.206 process. The 2.206 petition process is a public process in which the petition and all the information in it will be made public. Your request is now available in our Agencywide Documents Access and Management System [ADAMS] (ML17110A308) and it does not contain your phone number. You will be receiving a letter from our Office Director acknowledging receipt of your request along with other helpful information about the 2.206 process. I have been assigned as the petition project manager for your request. If you have any questions regarding this process, please contact me. My contact information is provided below. I am requesting your mailing address so we can mail our letter acknowledging receipt of your 2.206 request. As we discussed, I will redact your address in the version of the letter that will be publicly available in ADAMS.

Thank you

Amy Snyder, Senior Project Manager
