Docket Nos.: 72-2/16
License Nos.: SNM-2501/2507

VIRGINIA ELECTRIC AND POWER COMPANY
NORTH ANNA POWER STATION ISFSI
SURRY POWER STATION ISFSI
TEMPORARY MODIFICATION OF INTERIM COMPENSATORY MEASURES
FOR ORDER EA-02-104

On October 16, 2002, the NRC issued Orders EA-02-104 (the Orders) that modified the specific licenses for North Anna and Surry Power Stations' Independent Spent Fuel Storage Installations (ISFSIs). These Orders required compliance with the specified interim safeguards and security compensatory measures. Virginia Electric and Power Company (Dominion Energy Virginia) initially responded to the October 16, 2002 Order in letters dated November 1, 2002 (Serial Nos. 02-646 and 02-647 for North Anna and Surry Power Stations, respectively).

As part of preparations for the arrival of Hurricane Irma, we have assessed our compliance strategy for the Orders and determined that due to presently predicted weather conditions and the concern for security personnel safety, Dominion Energy Virginia may need to temporarily modify our implementation of those interim compensatory measures (ICMs) C.1.b, C.3.a(1), and C.3.d. Alternate security measures will be initiated when possible based on weather limitations and personnel safety concerns.

Dominion Energy Virginia specifically requests a one-time temporary modification of the implementation of our response to the identified ICMs. This one-time temporary modification will be used as necessary to address the effects of weather and for a period of time corresponding to abnormally high wind conditions and rain due to the passing of Hurricane Irma. This request is necessary to protect security personnel from hazards associated with the weather conditions during the hurricane. Any suspension of security measures due to this weather-related situation will be reported and documented in accordance with the provisions of 10 CFR 73.71.

NM5526

If you have any questions, please contact Ms. Margaret A. Earle at (804) 273-2768.

Sincerely,

Dan Stoddard

Daniel G. Stoddard
Senior Vice President and
Chief Nuclear Officer

COMMONWEALTH OF VIRGINIA)

COUNTY OF HENRICO)

The foregoing document was acknowledged before me, in and for the County and Commonwealth aforesaid, today by Daniel G. Stoddard who is Senior Vice President and Chief Nuclear Officer of Virginia Electric and Power Company. He has affirmed before me that he is duly authorized to execute and file the foregoing document in behalf of the Company, and that the statements in the document are true to the best of his knowledge and belief.

Acknowledged before me this 7TH day of September, 2017.
