Subject: Request for Information on Generic Letter 83-28, Item 4.2 (Parts 3 and 4) for Ginna (TAC No. 53912)
R. E. Ginna Nuclear Power Plant
Docket No. 50-244

Dear Mr. Stahle:

In your letter to me of August 24, 1987 on the same subject you requested certain additional information about the RG&E response to Generic Letter 83-28 within 30 days. In a subsequent conversation with Paul Wilkens of RG&E, you indicated that the real intent of the letter was to request a timetable within 30 days for addressing the issues raised in the enclosure to your letter.

At this point the Westinghouse Owners Group has discussed the issues regarding Item 4.2, parts 3 and 4. It is RG&E's intent to follow the progress of this issue with the Owners Group and send a more definitive report of our approach to the issue of qualified life. We will provide this data and a tentative schedule for completion of our investigation during March of 1988.

Yours truly,

Roger W. Kober
