SUBJECT: EXAMINATION REPORT NO. 50-244/96-04 (OL)

Dear Dr. Mecredy:

On May 8, 1996, the NRC administered retake initial written license examinations to two employees of your company, who had applied for reactor operator (RO) licenses for the Ginna Nuclear Power Station. At the conclusion of the examinations, the preliminary results were discussed with members of your staff in an exit meeting.

The final results are that both applicants passed their examinations and were issued licenses. Generic weaknesses from this examination are detailed in the examination report.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and its enclosure will be placed in the NRC Public Document Room. Should you have any questions regarding this information, please contact me at (610) 337-5211.

Sincerely,

(original signed by)
