Topical Quality Assurance Report
(FPL TOAR) 1-76-A

Dear Mr. Haass:

This letter is to inform you of recent organizational changes in the Advanced Systems & Technology and the Quality Assurance Departments. A revision of the FPL TOAR is being prepared to reflect all of the following changes and will be transmitted to you when completed:

- o Jack E. Vessely, formerly the Director of Quality Assurance, has been promoted to a new position as Director of Nuclear Affairs. The Director of Nuclear Affairs, who reports to the Vice President of Advanced Systems & Technology, is responsible for both Quality Assurance and Nuclear Licensing, each of which has its own respective Manager.
- o Reporting to the Manager of Quality Assurance are Assistant Managers for the following areas:
 - o St. Lucie Projects - QA
 - o QA Procurement and Reliability
 - o Turkey Point - QA
 - o QA Systems and Audits
 - o QA Engineering and New Projects

None of the above changes will diminish the effectiveness of the FPL Quality Assurance Program implementation.

Very truly yours,

Robert E. Uhrig
Vice President
Advanced Systems & Technology
