SUBJECT: Authorization for Medical Use of Radioactive Materials

I am pleased to inform you that the Radiation Safety Committee - Authorizations Subcommittee granted approval on August 11, 2015 for you to be an Authorized Medical Physicist under the High Dose Rate Remote Afterloader functional authorization. Your new medical physics authorization includes the following functional authorizations:

- HDR Remote Afterloader Authorization (Ir-192) [10 CFR 35.600]

Your use of radioactive materials is governed by the Washington University and Medical Center NRC License No. 24-00167-11.

Please note that you may act as an Authorized Medical Physicist only for those functional authorizations listed above. Each functional authorization has specific requirements for training and experience, and some have requirements for periodic retraining. It is your responsibility to obtain the required periodic retraining. If you want to seek medical physics authorization for any other functional authorization or check your training status, please contact Robert E. Drzymala, Ph.D.

Please call me at (314) 362-2988 if you have any questions concerning your medical physics authorization.
