OFFICE OF THE
SECRETARY

50-397

MEMORANDUM FOR: William J. Dircks, Executive Director
for Operations

Herzel H.E. Plaine, General Counsel

FROM: ^{GME} Samuel J. Chilk, Secretary

SUBJECT: STAFF REQUIREMENTS - DISCUSSION/POSSIBLE
VOTE ON FULL POWER OPERATING LICENSE FOR
WNP-2, 2:00 P.M., FRIDAY, MARCH 30, 1984,
COMMISSIONERS' CONFERENCE ROOM, D.C.
OFFICE (OPEN TO PUBLIC ATTENDANCE)

The Commission, by a vote of 4-0 (Commissioner Gilinsky
abstaining), authorized the Director, NRR to issue an
amendment to the WNP-2 operating license to allow full
power operation.

The Commission, by a vote of 4-1 (Commissioner Gilinsky
dissenting), disapproved a proposal by Commissioner Gilinsky
that the Commission require one licensed individual on each
shift with prior license experience at a commercial reactor.

Commissioner Gilinsky requested OGC to advise whether the
NRC staff interpretation that licensees may comply with 10
CFR Sec. 55.25(b) by substituting simulator training for
"extensive actual operating experience" is correct.
(OGC) (SECY Suspense: 4/6/84)

Mr. Mazur (WNP) noted that the licensee would review
Commissioner Gilinsky's suggestion.
