SUBJECT: QUESTIONS REGARDING THE MASSACHUSETTS ATTORNEY GENERAL'S
OFFICE AND MASSACHUSETTS EVACUATION PLANNING

Dear Mr. Comley:

This is to acknowledge receipt of your electronic correspondence to the U.S. Nuclear Regulatory Commission (NRC) dated September 27, 2017 and October 4, 2017. Thank you for putting your request in writing so that we can ensure that there are no misunderstandings. Your emails have been added to ADAMS¹ as a public record (ML17276B130 and ML17278A133). The information below is meant to address all of your questions.

The meeting summary of our discussions with the Massachusetts Attorney General's office can be found in ADAMS at ML17278A166.

Over the last four years, we have placed all your incoming and outgoing correspondence in ADAMS to ensure it is publicly available. Please note that the documents we provided to the Massachusetts Attorney General's office are public documents in ADAMS; the list of documents provided was contained in an email to a member of that office dated August 29, 2018 (ML17276B265). If you have specific questions regarding the public records requested by and provided to the Massachusetts AG's office, I would urge you to contact them directly.

¹ Designation refers to an Agencywide Documents Access and Management System (ADAMS) accession number. Documents referenced in this letter are publicly-available using the accession number in ADAMS at <https://adams.nrc.gov/wba/>. For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1-800-397-4209, 301-415-4737, or by e-mail to pdr.resource@nrc.gov.

If there are records you believe are maintained by the NRC and are not in ADAMS, you can request those documents through the [Freedom of Information Act](#) (FOIA) process. The procedures for submitting a request to the U.S. Nuclear Regulatory Commission (NRC) under the Freedom of Information Act (FOIA) are described on our website at: <https://www.nrc.gov/reading-rm/foia/foia-request.html>.

Sincerely,

/RA/

Fred L. Bower, Chief
Reactor Projects Branch 3
Division of Reactor Projects
