Thank you - I have attached a copy of the Oct 11 agenda. I am providing the call in number and pass code below.

Call In Telephone Number: (800) 772-3842 Participant Conference Security Code: 2206

You may provide it to all those in your organization that you believe should be on the call. I informed the petitioner that I estimate that he will have about 40 minutes for his presentation. After the petitioner's presentation, the NRC staff and then the Licensee will have an opportunity to ask the petitioner questions.

Also, the Petition plans on sending material to me before his presentation. I asked that he send it by 11 am (eastern time) so that I can make it available to the Petition Review Board Members and the Licensee before the 1pm meeting. Once I receive it, I will send it to you.

If you have any questions, please contact me.

Thank you

Subject: [Non-DoD Source] Invitation 2.206 teleconference

Bob,

The Army is invited to participate in the teleconference call scheduled for Wed October 11 from 3 4 pm (eastern) on the 2.206 petition on SUC-1593. We offered an opportunity to the Petitioner to provide additional info in light of petition review board's preliminary decision on the concerns that will be evaluated under the 2.206 process. The Petitioner requested a teleconference for this purpose. The teleconference will be transcribed and participants will be afforded the opportunity to review the transcripts for errors and make corrections, accordingly.

Please respond no later than close of business October 6 if you wish to participate. I will then provide you will the call in number and agenda.

This teleconference will not be noticed.

If you have any questions please contact me.

Thank you

A
