SURETY UPDATE, KENNECOTT URANIUM COMPANY, SWEETWATER
COUNTY, WY, DOCKET NUMBER 040-08584, SOURCE MATERIAL LICENSE
SUA-1350, (CAC 000092)

Dear Mr. Paulson,

By letter dated July 19, 2017 (ML17207A247), Rio Tinto Energy America, Kennecott Uranium Company (Kennecott) submitted the annual surety for its Sweetwater Uranium Facility to the U.S. Nuclear Regulatory Commission (NRC). As a result of this submittal, the surety amount increased from \$11,811,000 to \$12,033,000. This is an increase of 1.87 percent based on the Consumer Price Index (CPI).

Based on the information provided in Kennecott's surety update submittal, the NRC staff has determined that the surety estimate is acceptable as documented in the NRC staff's technical evaluation report (enclosed). License Condition 9.7 will be revised to reflect the current updated surety amount of \$12,033,000 during a future licensing action.

If you have any questions, please contact Mr. James Webb, Project Manager, at (301) 415-6252, or by email at James.Webb@nrc.gov

As a result of this review and verification, the NRC staff has completed its work on Cost Activity Code (CAC) 000092. Therefore, this CAC will be closed with no further charges against it.

In accordance with 10 CFR 2.390 of the NRC's Agency Rules of Practice and Procedure", a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or the Publically Available Records component at NRC's ADAMS. ADAMS is accessible from the NRC Web Site at <http://www.nrc.gov/reading-rm/adams.html>

Sincerely,
