Dear Mr. Sullivan, in order to complete our review of the request to add Ms. Liz Sanchez Marcano to the above license, please complete the NRC Form 313 form to document the 200 hours of classroom and laboratory training and 500 hours of supervised practical experience in nuclear pharmacy. Please ask the preceptor, Ms. Danner, to sign the form to document completion of the training and experience. The form may be found at:

You may fax the completed form to my attention to 610-337-5269, or email the pdf of the signed form. If we do not receive a response within 30 days, we will consider that you no longer require the addition, and void your request. If you need additional time to gather information from personnel located in Puerto Rico, please let us know.

Thank you for your assistance.
