Docket No. 50-397

Washington Public Power Supply System
P. O. Box 968
Richland, Washington 99352

Attention: Mr. G. C. Sorensen
Manager of Regulatory Programs

Gentlemen:

Subject: NRC Inspection

This refers to the inspection conducted by Messrs. C. J. Bosted, R. C. Sorensen, and J. L. Crews of this office on May 20 - July 7, 1988 of activities authorized by NRC Operating License No. NPF-21, and to the discussion of findings held by the inspectors with Mr. C. Powers and other members of the Supply System's staff at the conclusion of the inspection.

Areas examined during this inspection are described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel and observations by the inspectors.

Based on the results of this inspection, it appears that certain of your activities were not conducted in full compliance with NRC requirements, as set forth in the Notice of Violation, enclosed herewith as Appendix A. Although Violation A was identified by your staff, it is included in the enclosed Notice because effective corrective or preventive measures were not taken in response to similar previous findings by your Quality Assurance personnel.

Your response to this Notice is to be submitted in accordance with the provisions of 10 CFR 2.201 as stated in Appendix A, Notice of Violation. In accordance with 10 CFR 2.790(a), a copy of this letter, the enclosure, and your response will be placed in the NRC Public Document Room.

The response directed by this letter and the accompanying Notice are not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.

Should you have any questions concerning this inspection, we will be glad to discuss them with you.

Sincerely,

R. P. Zimmerman
