Mr. Blaine Murray, Chief  
Plant Support Branch  
U.S. Nuclear Regulatory Commission, Region IV  
611 Ryan Plaza Drive, Suite 400  
Arlington, TX 76011-8064

Dear Mr. Murray:

Subject: **WNP-2 OPERATING LICENSE NPF-21  
1998 EXERCISE SCENARIO SUBMITTAL**

Enclosed is a copy of the scenario package for the Supply System's 1998 NRC graded exercise to be conducted on September 16, 1998. The package includes the scenario script, a timeline summary of when the events are expected to occur, and the necessary message and data sheets. However, due to scheduled NRC play during this graded exercise, only Ms. Gail Good of your staff has received these attachments to ensure exercise play is not compromised. Objectives and limitations are included and contain minor revisions to our June 10, 1998 submittal. These revisions were made following a discussion with Ms. Good on June 22, 1998.

We request that you review and provide comments to the Supply System Emergency Preparedness staff no later than 45 days prior to the exercise. Should you have any questions or desire additional information regarding this matter, please contact T.C. Messersmith, Corporate Emergency Preparedness, Safety and Health Officer at (509) 377-8568.

Respectfully,

 FOR

D.W. Coleman (Mail Drop PE20)  
Manager, Regulatory Affairs
