

11/4/88

Mr. G. C. Sorensen
Manager Regulatory Programs
Washington Public Power Supply System
P. O. Box 968
Richland, Washington 99352

Dear Mr. Sorensen:

SUBJECT: ADDITIONAL ENS TELEPHONE LOCATION AT WNP-2

Your letter of October 29, 1988 to Emilio Garcia of my staff requested that an additional Emergency Notification System (ENS) telephone be located in the control room of WNP-2. We have considered your request and agree that an additional ENS telephone is needed at the control room. I have requested our Telecommunication Branch (TB) to work with your staff to expedite this installation.

I understand that our Telecommunications Branch has had discussions with Steve Heath of your staff. Upon completion of your conduit and cabling work, we will schedule the installation of the additional ENS telephone. Please inform Stuart Cohen at (301) 492-8070 when you have a firm date for completion of your work. If you have any questions regarding this matter, please contact Emilio M. Garcia at (415) 943-3750.

Ross A. Scarano, Director
Division of Radiation Safety
and Safeguards
