Dear Mr. Godlewski:

It has come to our attention that Amendment No. 33 to your NRC Material License No. 13-15933-01, issued on October 6, 2017, contained an error.

I mistakenly thought NRC was implementing an extended expiration date for amendment licensing actions and applied it to this amendment. My understanding was incorrect and a corrected copy of this amendment is enclosed with the correct expiration date, as it appeared on Amendment No. 32.

I also corrected a spacing issue with Condition No. 13. We apologize for these errors and for any inconvenience they may have caused.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region III office at (630) 829-9887 so that we can provide appropriate corrections and answers.

If you have any questions concerning this amendment please contact me at either (630) 829-9841 or (800) 522-3025, ext. 9841. My fax number is 630-515-1078.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

A handwritten signature in cursive script that reads "Colleen Carol Casey".
