

NOTICE OF VIOLATION

South Carolina Electric & Gas Company
V. C. Summer Nuclear Station

Docket No.: 50-395
License No. NPF-12

During an NRC inspection conducted on August 1-31, 1995, a violation of NRC requirements was identified. In accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions" (Enforcement Policy) (60 FR 34381, June 30, 1995), the violation is listed below:

Technical Specifications 6.8.1.c requires that written procedures be established, implemented and maintained covering the applicable procedures recommended in Appendix A of Regulatory Guide 1.33, Revision 2. Section 1.d of Appendix A, recommends administrative procedures for controlling procedure adherence.

Station Administrative Procedure, SAP-131A, Attachment I, Fire Detection Instrumentation, states in part, "As a minimum, the fire detection instrumentation for each fire detection zone shall be operable".

Contrary to the above, on August 14, 1995, the smoke detector, in room 12-18 of the auxiliary building, was rendered inoperable for a period of approximately 18 hours during which time no compensatory patrols were established.

This is a Severity Level IV violation (Supplement I).

Pursuant to the provisions of 10 CFR 2.201, South Carolina Electric & Gas is hereby required to submit a written statement or explanation to the U. S. Nuclear Regulatory Commission, ATTN: Document Control Desk, Washington, DC 20555, with a copy to the Regional Administrator, Region II, and a copy to the NRC Resident Inspector, V. C. Summer Nuclear Station, within 30 days of the date of the letter transmitting this Notice of Violation (Notice). This reply should be clearly marked as a "Reply to a Notice of Violation" and should include for each violation: (1) the reason for the violation, or, if contested, the basis for disputing the violation, (2) the corrective steps that have been taken and the results achieved, (3) the corrective steps that will be taken to avoid further violations, and (4) the date when full compliance will be achieved. Your response may reference or include previous docketed correspondence, if the correspondence adequately addresses the required response. If an adequate reply is not received within the time specified in this Notice, an order or a Demand for Information may be issued as to why the license should not be modified, suspended, or revoked, or why such other action as may be proper should not be taken. Where good cause is shown, consideration will be given to extending the response time.

Notice of Violation

2

Because your response will be placed in the NRC Public Document Room (PDR), to the extent possible, it should not include any personal privacy, proprietary, or safeguards information so that it can be placed in the PDR without redaction. However, if you find it necessary to include such information, you should clearly indicate the specific information that you desire not to be placed in the PDR, and provide the legal basis to support your request for withholding the information from the public.
