DOCKET NOS. STN 50-528, STN 50-529, AND STN 50-530

ARIZONA PUBLIC SERVICE COMPANY, ET.AL.

PALO VERDE NUCLEAR GENERATING STATION, UNITS 1, 2, AND 3

NOTICE OF ISSUANCE OF AMENDMENTS TO CONSTRUCTION PERMITS

Notice is hereby given that the U. S. Nuclear Regulatory Commission (the Commission) has issued Amendments No. 3 to Construction Permit Nos. CPPR-141, CPPR-142, and CPPR-143. The amendments add M-S-R Public Power Agency as a co-owner and reflect a transfer of a 3.95% undivided ownership interest from El Paso Electric Company to M-S-R Public Power Agency for the Palo Verde Nuclear Generating Station, Units 1, 2, and 3 (the facilities), located in Maricopa County, Arizona. The amendments are effective as of their date of issuance,

The application for the amendments complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's regulations. The Commission has made appropriate findings as required by the Act and the Commission's regulations in 10 CFR Chapter I, which are set forth in the amendments. The Commission has also concluded that the amendments involve actions which are insignificant from the standpoint of environmental impact and that, pursuant to 10 CFR Section 51.5(d)(4), and environmental impact statement or negative declaration and an environmental impact appraisal need not be prepared in connection with the issuance of the amendments. Prior public notice of the amendments was not required since the amendments do not involve a significant hazards consideration.
