

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

November 13, 2017

Kimberly Steves, Director
Kansas Radiation Control Program
Kansas Department of Health and Environment
1000 SW Jackson Suite 330
Topeka, KS 66612

Dear Ms. Steves:

We have reviewed the final revisions to the Kansas Administrative Regulations in Sections 28-35-180b, 28-35-180a, 28-35-504, 28-35-221b, 28-35-177a, 28-35-181h, 28-35-700, 28-35-135u, 28-35-192a and 28-35-192g, received by our office on August 31, 2017. These regulations were reviewed by comparison to the equivalent U.S. Nuclear Regulatory Commission (NRC) rules and the requirements of Regulation Amendment Tracking System Identification Numbers (RATS IDs) 2011-1, 2011-2, 2012-2, 2012-3, 2012-4, 2013-1 and 2013-2. We discussed our review of the regulations with Judee Walden on November 7, 2017.

As a result of our review, we have 21 comments that have been identified in the enclosure. Please note that we have limited our review to regulations required for compatibility and/or health and safety. We have determined that if these regulations are revised, incorporating our comments and without other significant change, they would meet the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200, "Compatibility Categories and Health and Safety Identification for NRC Regulations and Other Program Elements."

We request that when you revise your regulations to address our comments, a copy of the "as published" regulations be provided to us for review. As requested in NMSS Procedure SA-201, "Review of State Regulatory Requirements," please highlight the location of any changes made by Kansas, in response to our comments, and provide a copy to Division of Material Safety, State, Tribal, and Rulemaking Programs, NMSS. The SRS Data Sheet summarizes our knowledge of the status of other Kansas regulations, as indicated. Please let us know if you note any inaccuracies, or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the NMSS State Communication Portal: <https://scp.nrc.gov/rulemaking.html>.

If you have any questions regarding the comments, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact Michelle Beardsley, State Regulation Review Coordinator, at (267) 884-2305, Michelle.Beardsley@nrc.gov or Randy Erickson at (817) 200-1143, Randy.Erickson@nrc.gov).

Sincerely,

/RA Paul Michalak for/

Kevin Williams, Deputy Director
Division of Material Safety, State, Tribal
and Rulemaking Programs
Office of Nuclear Material Safety
and Safeguards

Enclosures:

1. Compatibility Comments
2. Kansas SRS Data Sheet
