RE: SHPO Case No. 17-1551
NRC, PGE Trojan Independent Spent Fuel Storage Installation
License renewal
None provided, Columbia County

Dear Ms. Roman:

Thank you for the opportunity to comment on the Trojan Independent Spent Fuel Storage Installation License Renewal. The Oregon SHPO concurs with your agency's determination that the proposed license renewal does not have the potential to cause effects to historic properties. Our concurrence is based on the understanding that the proposed undertaking continues an ongoing activity and that there are no properties within the project area that are fifty years of age or older.

Please contact me if there if our office may be of further assistance.

Sincerely,

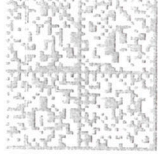

Ian P. Johnson, M.A.
