Dear Mr. Knighton:

Per telephone conversation with E. A. Licitra, of your staff, and Robert Page, ANPP Manager of Emergency Planning and Preparedness, on November 28, 1984, please find attached the following information:

1. The preliminary report for the PVNGS 1984 Annual Siren System Test.
2. Letter from Joseph R. Bynum to 10-mile EPZ residents informing them of the 1984 test.
3. Copy of PVNGS's Prompt Notification Siren System Test Report dated October 1, 1983.
4. Letter from Joseph R. Bynum to 10-mile EPZ residents notifying them of 1983 Siren System Test.
5. Letter from Robert W. Page to Tom Brinton, FEMA Region IX RAC Chairman, regarding PVNGS's 1983 Siren Test Report and subsequent ambient noise level studies conducted in the 10-mile EPZ.
6. An excerpt from the FEMA-43 Report submitted by Richard A. Colson, Director of the Division of Emergency Services, to FEMA Region IX dated May 31, 1984.

In addition, it is ANPP's understanding that with the submission of the FEMA-43 report (reference #6) and the completion of the October 24, 1984 Siren Test, PVNGS has met and completed all requirements as stated in FEMA-43.

Very truly yours,
