Request for License Amendment for the AGN-201M reactor located at the University of New Mexico, Docket 50-252.

We have reviewed our Security Plan dated February 2007 and found that it is overly classified. We would like to change the designation from SGI – Modified Handling (10CFR73.21) to Security Related Information under 10CFR2.390.

If you have any questions or comments, please let us know.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on October 20, 2017.

A handwritten signature in black ink that reads "Robert D. Busch".
