Dear Mr. Williams:

The state of Iowa radioactive materials program staff has reviewed RATS ID 2015-1 for potential impact on Iowa Administrative Code (IAC) rules. We have determined that this change package does not impact the State of Iowa for the following reasons:

The current wording in Iowa Administrative Code 641-40.96(4)“b” contains the same essential objectives as the change in wording to 10 CFR 70.50(c)(2).

The link to IAC 641-Chapter 40(136C) is shown below.
