

April 25, 1988

Docket Nos.: 50-528, 50-529
and 50-530

Mr. E. E. Van Brunt, Jr.
Executive Vice President
Arizona Nuclear Power Project
Post Office Box 52034
Phoenix, Arizona 85072-2034

Dear Mr. Van Brunt:

SUBJECT: PERFORMANCE TESTING OF RELIEF AND SAFETY VALVES FOR
PALO VERDE, UNITS 1, 2 AND 3 (TAC NO. 61841)

In several submittals dating from March 31, 1982 through July 30, 1987, you provided your response to Item II.D.1, "Performance Testing of Relief and Safety Valves," of NUREG-0737, "TMI Action Plan Requirements." The review of your response, which was performed by our contractor, Idaho National Engineering Laboratory, has now been completed.

The detailed evaluation of your submittals is provide an an enclosure to this letter. The staff endorses the findings in this evaluation and concludes that you have provided an acceptable response to TMI Item II.D.1, reconfirming that General Design Criteria 14, 15 and 30 of Appendix A to 10 CFR Part 50 were met.

If you have any questions regarding this letter, please let me know.

Sincerely,

original signed by E.A. Licitra

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the success of any business or organization.

2. The second part of the document outlines the various methods used to collect and analyze data. It highlights the need for a systematic approach to data collection and the importance of using reliable sources of information.

3. The third part of the document focuses on the analysis of the collected data. It discusses the various statistical techniques used to interpret the data and the importance of drawing accurate conclusions from the results.

4. The fourth part of the document discusses the application of the findings to real-world situations. It provides examples of how the data can be used to make informed decisions and improve the performance of an organization.

5. The fifth part of the document concludes by summarizing the key points discussed throughout the document. It reiterates the importance of accurate record-keeping and the use of data to drive business success.

The document is a detailed report on the importance of record-keeping and data analysis. It is divided into five main sections, each covering a different aspect of the topic. The first section discusses the importance of accurate records, the second section discusses data collection methods, the third section discusses data analysis techniques, the fourth section discusses the application of findings, and the fifth section concludes the report.

The report is written in a clear and concise style, making it easy to read and understand. It provides a comprehensive overview of the topic and offers practical advice on how to implement the findings. The report is a valuable resource for anyone interested in record-keeping and data analysis.

The report is organized into five main sections, each with a clear heading. The first section, 'The Importance of Accurate Records', discusses the various reasons why accurate records are important for a business. The second section, 'Methods of Data Collection', describes the different ways in which data can be collected and analyzed. The third section, 'Data Analysis Techniques', discusses the various statistical methods used to interpret data. The fourth section, 'Application of Findings', provides examples of how the data can be used to make business decisions. The fifth section, 'Conclusion', summarizes the key points of the report.

The report is a well-written and informative document that provides a clear and concise overview of the importance of record-keeping and data analysis. It is a valuable resource for anyone interested in these topics.
