**SUBJECT: RESPONSE TO NRC INSPECTION REPORT 030-32290/2017-001 AND NOTICE
OF VIOLATION**

Dear Mr. Russell:

On August 21, 2017, the U.S. Nuclear Regulatory Commission (NRC) cited Eastern Idaho Health Services, Inc., dba Eastern Idaho Regional Medical Center for a violation involving the failure to have written directives dated and signed by an Authorized User prior to the administration of therapeutic doses of radiation from byproduct material. Inspection Report 030-32290/2017-001 with enclosed Notice of Violation, (ML17220A150), required you to respond in writing within 30 days. You responded by letter dated September 5, 2017.

After reviewing the information you provided in your response to the Notice of Violation, we have concluded that your completed and proposed actions appear to adequately address the regulatory noncompliance described in the Notice of Violation. We will review your implementation of these corrective actions during a future inspection to determine whether full compliance has been restored and whether compliance will be maintained.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

/RA/
