Subject: Acceptance of Centrus Exemption Request - Rescheduling of the 2017 Biennial Emergency Preparedness Exercise - ACO 17-0040
Date: Monday, October 23, 2017 11:33:00 PM

Mr. Toelle,

This is in regard to Centrus Energy Corporation's submittal dated August 22, 2017 (ACO 17-0040, Agencywide Documents Access and Management System (ADAMS) Number ML17244A210), requesting the U.S. Nuclear Regulatory Commission (NRC) staff to review and approve an exemption request to allow the rescheduling of the 2017 biennial emergency preparedness exercise for the Lead Cascade Facility, required by 10 Code of Federal Regulations 70.22(i)(3)(xii), to the third quarter of 2018.

The NRC staff performed an acceptance review of your submittal and, based on its initial review of the information provided, the NRC staff determined that your submittal is acceptable for detailed review. The NRC staff will notify you if any additional information, or clarification of existing information, is necessary.

The cost accounting code number for this licensing action is **000224-L-2017-EPR-0029**. Please reference this number in all correspondence related to this action. Under our metrics system, the NRC staff has up to **150 days** to review your submittal after it has been accepted. As such, NRC's review of your submittal should be completed by no later than **March 22, 2018**. However, this date could change depending on the findings of the NRC staff's technical review or any other factors.

In accordance with 10 CFR Part 2.390 of the NRC "Agency Rules of Practice and Procedure," a copy of this communication will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of the NRC's ADAMS. ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room). Please contact me should you have any questions.

Thank you,

Yawar H. Faraz, Senior Project Manager
