Attention: Mr. W. F. Conway
Executive Vice President, Nuclear

Gentlemen:

Subject: MANAGEMENT MEETING

This refers to the Management Meeting requested by Arizona Public Service Company (APS) and held at the NRC Region V Office on May 21, 1991. The issues discussed during the meeting involved the proposed revision to the Palo Verde Quality Assurance (QA) Plan, the Palo Verde training program, and the status of APS actions related to the NRC Diagnostic Evaluation Team (DET) Report. A summary of the discussions are described in the enclosed Meeting Report Nos. 50-528/91-22, 529/91-22 and 530/91-22.

During this meeting the proposed changes to the Palo Verde QA Program to more appropriately reflect an operating facility were highlighted. In addition, the APS actions to respond to the NRC's DET Report were described. We reiterate that your remaining actions in response to the DET need to consider your overall plans for Palo Verde, and should be integrated in a manner which accomplishes proper prioritization of your current concerns.

In accordance with 10 CFR Part 2.790(a), a copy of this letter and the enclosures will be placed in the NRC Public Document Room.

Should you have any questions concerning this letter or the issues discussed in the enclosed meeting report, we will be glad to discuss them with you.

Sincerely,

R. P. Zimmerman
R. P. Zimmerman, Director
Division of Reactor Safety and Projects
