Thank you, Betsy. I just learned today that the original Stanby Trust was inadvertently sent to our outside counsel instead of the NRC. You should have that in hand tomorrow. I have also attached a scan of the Standby Trust that includes completed Schedules B and C.

I believe that is the remaining outstanding items.

Please let me know if you need anything else. Do you have an anticipated date for issuance of the license? I ask because the NRC license is a prerequisite to our filing for the Delaware radioactive materials licenses.

Thank you again,
Tory

Within the region, we believe it is okay. I do have a question out to our program office, but the person who is best to answer the question will not be in until next week.

I will be proceeding assuming we are okay as is.

Hi Betsy. Attached please find the Certificate of Financial Assurance. Have you heard back on whether Letter of Acknowledgment is necessary given that the Standby Trust Agreement was notarized? Please let me know. Thank you!

Thank you, Betsy. I am working to get these pieces completed as quickly as possible, but will likely not have to you to today. Please let me know if that presents a problem.

Victoria,

I reviewed the financial instruments that were sent, and there are documents missing in addition to the Certification of Financial Assurance (NUREG 1757, Vol 3, App A.2.4) that I mentioned in an earlier email. The additional documents are:

- Schedule B of the Standby Trust Agreement (STA). Although Schedule B is shown on the same page as Schedule A, it is not completed.
- Schedule C of the STA; this also is on the same page as Schedule A but is not completed.
- Letter of Acknowledgement: this is shown on the same page as the "Specimen Certificate of Resolution". This should be a separate document, completed, and is needed to support the STA. I am trying to find out if the notarization on the STA would be acceptable in lieu of the Letter of Acknowledgement but have not yet gotten an answer to that question. [The Specimen Certificates of Resolution, and of Events, correctly are not required to be filled in at this time.]

Thanks,
Betsy

Thank you, Betsy. We will complete and return to you. Will you please confirm the mailing address to which this document (and the Standby Trust Agreement) should be sent?

And one more form, please: the "Certification of Financial Assurance" form, filled out for your license application. It can be found in NUREG 1757, volume 3, Appendix a.2.4.
<https://www.nrc.gov/docs/ML1204/ML12048A683.pdf>

I have attached a version in Word that I developed by copy-and-paste from the 1556 Vol 3 App A.2.4, or you can use the link above. If I missed this in the documents you already sent, just let me know that, please.

Thanks,
Betsy

According to our guidance in NUREG 1757, Volume 3, Appendix 12. I need an "originally signed duplicate" of the Standby Trust Agreement. I can base my review on the scanned copy, but apparently I still need an originally signed duplicate for our files in safe storage.

Thanks,
Betsy

Hi Betsy. As a follow up to FMC's October 6, 2017 response to the NRC's Requests for Additional Information, I have attached executed copies of the Letter of Credit and Standby Trust Agreement. I understand that the original signed Letter of Credit is being mailed directly to the NRC; please let me know if you would like a hard copy of the Standby Trust Agreement as well.

Please contact me should you have any additional questions.

Thank you,
