American Electric Power Service Corporation  
ATTN: Mr. John Dolan  
Vice President  
1 Riverside Plaza  
Columbus, Ohio 43216

Gentlemen:

We have received a copy of your application dated October 18, 1984, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application requested an extension of the deadline date for environmental qualification of certain electrical equipment for the D.C. Cook Nuclear Plant Unit Nos. 1 and 2. Fees pursuant to 10 CFR 170 were not remitted with your application.

Since your application was filed after the June 20, 1984 effective date of the revision to 10 CFR 170 on fees, it is subject to the provision of the revised rule. This rule requires licensees to remit an application fee of \$150 with each application for license amendment, relief, exemption and other request. Therefore, it is requested that your Corporation remit the required application fee of \$150 for your October 18 request. Your Corporation will be billed for any additional costs for the review of your application in accordance with 10 CFR 170.12(c) and 170.21.

Sincerely,
