SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE

Dear Mr. Reisman:

In NRC Form 314, 'Certification of Disposition of Materials,' dated August 18, 2017, you contacted the U.S. Nuclear Regulatory Commission and indicated that you wished to terminate your NRC radioactive material license and add the location to license No. 13-09788-01. The NRC staff has reviewed your final status surveys. Based on its review, the staff has concluded that residual radioactive material attributable to licensed activities does not exceed current NRC criteria.

Based on these conclusions no further remediation or actions with respect to NRC regulated material is required. Your facility has been transferred to NRC License No. 13-09788-01 and NRC license number 13-16622-01 is hereby terminated.

In accordance with 10 Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

If you have any questions, please contact me at (630) 829-9887

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer L. Bishop".
