Mr. John Dolan, Vice President
Indiana and Michigan Electric Company
c/o American Electric Power Service Corporation
1 Riverside Plaza
Columbus, Ohio 43216

Dear Mr. Dolan:

By letter dated November 4, 1983 and March 30, 1984, the Indiana and Michigan Electric Company (IMEC) responded to Generic Letter 83-28 for the Donald C. Cook Nuclear Plant, Unit Nos. 1 and 2, with regard to required actions based on generic implications of Salem ATWS events. Based on input from our contractor, Science Applications International Corporation (SAI), we have prepared the enclosed Safety Evaluation for Action Item 1.1, "Program Description and Procedure (Post-Trip Review)".

Based on our review, we conclude that the IMEC Post-Trip Review Program and Procedures for D.C. Cook Unit Nos. 1 and 2 are acceptable.

Sincerely,

/s/SVarga

Steven A. Varga, Chief
Operating Reactors Branch #1
Division of Licensing
