Ms. Penny Lanzisera  
Senior Health Physicist  
Medical Branch  
Division of Nuclear Materials Safety

03037829

Dear Ms. Lanzisera:

We would like to request an amendment to our license number 52-31281-02.

Due to new obligations Ms. Myria Roque can no longer act as the RSO for the gamma knife center.

We would like to have Mr. Carlos H. Carbini, MS as our new RSO, T&R and AMP for license number 52-31281-02.

Mr. Carbini is a current AMP on our license and was the RSO, T&R on our license from June 2010 until December of 2012. Additionally, Mr. Carbini is listed as an AMP on the UVA Gamma Knife ICON license and has been working with Gamma Knife ICON since its installation. He participated in the commissioning and acceptance process of the ICON system and previously worked in the commissioning and acceptance of the Gamma Knife Perfexion Unit.

Please do not hesitate to contact me or Mr. Carbini directly in case you need further information.

Sincerely

  
Jorge E. Matta Gonzalez, MHSA  
Executive Director

Attachment. ICON training.

PS.: RSO at UVA  
David Schlesinger, PhD.  
Medical Physicist.
