

Docket Nos.: 50-315
and 50-316

FEB 09 1987

Mr. John Dolan, Vice President
Indiana and Michigan Electric Company
c/o American Electric Power Service Corporation
1 Riverside Plaza
Columbus, Ohio 43216

Dear Mr. Dolan:

We have completed our preliminary assessment of the Indiana and Michigan Electric Company submittal on the Detailed Control Room Design Review dated December 30, 1986 and have arranged with your staff to meet on the subject during the week of February 23rd. The preliminary findings and a proposed agenda for the meeting are attached. No response to this letter is required since the information is to support the meeting discussions. We will also be issuing a meeting notice to reflect our meeting in Columbus on February 23 thru 25 and at the D. C. Cook Nuclear Plant site on February 26 and 27, 1987.

Sincerely,

151
Dave L. Wigginton, Project Manager

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author outlines the various methods used to collect and analyze the data. This includes both manual and automated processes. The goal is to ensure that the information is both reliable and up-to-date.

The third part of the document provides a detailed breakdown of the results. It shows that there has been a significant increase in sales over the period covered. This is attributed to several factors, including improved marketing strategies and better customer service.

Finally, the document concludes with a series of recommendations for future actions. These include continuing to invest in marketing, maintaining high standards of customer service, and regularly reviewing financial performance.
