Subject: NRC Inspection of NASA JSC on Sept 9 2017

Dr. VanBaalen,

I'd like to thank you for your time this morning and during the NRC inspection at the Johnson Space Center on September 9, 2017. As I briefly discussed this morning, the NRC has determined that no violations were identified. The attached NRC Inspection Report (NRC Form 591M) documents the results of the inspection. This does not require you to take any action and you are not required to sign it or return it. I do however request a courtesy email response from you acknowledging receipt.

If you have any further questions, please do not hesitate to ask,
