SUBJECT: VOID LETTER CONCERNING APPLICATION FOR LICENSE AMENDMENT,
CONTROL NUMBER 600485

Dear Mr. Kogut:

This concerns the subject application for an Amendment to your material license and our email dated October 28, 2017, in which we notified you that the amendment request letter was deficient and that certain additional information was required. In your letter received November 7, 2017, you stated that Mr. Michael McDermott will not be able to attend the training course until January 2018 and thus will not be able to submit certification of completion of the training by the November 12, 2017, deadline.

The NRC has concluded that you are no longer pursuing this amendment request. Therefore, you are hereby notified that the letter for an amendment has been voided without prejudice. This action is without prejudice to the resubmission of an amendment request.

Sincerely,

/RA/
