Gentlemen:

Donald C. Cook Nuclear Plant Units 1 and 2
INTERIM SITE OPERATIONS ORGANIZATION

The purpose of this letter is to inform the NRC staff that effective March 1, 1999 Mr. John R. Sampson, Site Vice President, Nuclear Operations will assume the position of State President, American Electric Power (AEP) Indiana Michigan Power Company (I&M). In order to maintain clearly defined responsibilities and continued safe operation, Mr. Robert P. Powers, Sr. Vice President, Nuclear Generation will assume the responsibilities of site vice president for an interim period until our new Site Vice President, Mr. A. Christopher Bakken III, reports in at the D. C. Cook Plant site.

In support of the above noted temporary functional responsibility, the Vice President, Nuclear Engineering will assist the Sr. Vice President by overseeing the function of Restart/Work Control. The Business Services Director will assist the Sr. Vice President by overseeing the functions of Site Services and the Corrective Action Program. The temporary oversight responsibilities for these two individuals will be in addition to their current responsibilities. A block diagram of the interim organizational chart is attached. In accordance with requirements of 10 CFR 50.54, I&M has reviewed the above noted temporary functions and determined that the interim change does not reduce commitments in the Quality Assurance Program previously reviewed and approved by the NRC.

2001

1. The first part of the document is a letter from the
2. author to the editor, dated 10/10/1954. The letter
3. discusses the author's interest in the subject of
4. the document and his desire to contribute to the
5. journal. The author mentions that he has been
6. working on this subject for some time and has
7. gathered a considerable amount of material. He
8. expresses his confidence that the work will be
9. of interest to the readers of the journal and
10. asks the editor to consider it for publication.

11. The second part of the document is a letter from
12. the editor to the author, dated 10/15/1954. The
13. editor thanks the author for his letter and
14. expresses his interest in the subject. He
15. asks the author to submit a copy of the
16. manuscript to the editor's office.

17. The third part of the document is a letter from
18. the author to the editor, dated 10/20/1954. The
19. author thanks the editor for his letter and
20. expresses his appreciation for the editor's
21. interest in his work. He informs the editor
22. that he has submitted a copy of the
23. manuscript to the editor's office.

24. The fourth part of the document is a letter from
25. the editor to the author, dated 10/25/1954. The
26. editor thanks the author for his letter and
27. expresses his appreciation for the author's
28. interest in the journal. He informs the
29. author that the manuscript has been accepted
30. for publication and will appear in the next
31. issue of the journal.

Based on this review and evaluation of the interim responsibilities, it is concluded that the functions, including oversight activities, as described in the Updated Final Safety Analysis (UFSAR), Technical Specifications, Modified Amended Security Plan, Emergency Plan and Quality Assurance Program Description (QAPD), will not reduce the level of commitments nor result in any unreviewed safety question. The overall effect of the interim organization will ensure that the functions as described remain the same. This will assure and satisfy regulatory requirements described in the UFSAR, Technical Specifications, Modified Amended Security Plan, Emergency Plan and QAPD.

Please revise the NRC distribution list for correspondence by replacing Mr. John R. Sampson with Mr. A. Christopher Bakken III, Site Vice President. In addition, please add Mr. Michael W. Rencheck, Vice President, Nuclear Engineering and indicate Mr. David. F. Kunsemiller, Director Regulatory Affairs, in place of the title "Regulatory Affairs Director." A facsimile of the NRC distribution list, indicating the above noted revisions, has been included as attachment 2 of this letter.

Copies of this letter and its attachments are transmitted to the Michigan Public Service Commission and Michigan Department of Public Health, in accordance with the requirements of 10 CFR 50.91.

If you have any questions regarding this letter, please contact David Kunsemiller, Director Regulatory Affairs at (616) 466-2405.

Sincerely,

R. P. Powers
Vice President
